

BRITAIN GETS LARGE AMOUNT WAR MATERIAL

By C. R. BLACKBURN
Purchasing Mission Moves
To Washington—Plane
Delivered to U.S.

WASHINGTON, Oct. 24.—(CP)—A procurement mission Wednesday that the aviation section of the British purchasing mission in New York would move to Washington added interest to claims of Roosevelt critics that Canada and the United States are receiving an increasing amount of United States war implements.

These criticisms, opponents of the Roosevelt administration, do not criticize the allegedly unrelenting increase in aid to Britain—but they insist to know the details.

President Roosevelt and other administration sources remain non-committal and may continue to attempt to ally the November 3 elections.

It is claimed that airplane deliveries to the British Empire now are 200 a month, with 1,000 a month in February and 1,800 by mid-1941.

Some 50 flying fortresses, American-made long-range bombers, are alleged to have been made available to Britain and to make it more interesting, these sources declare the covered United States right has also been given Britain.

**Man Wants Lashes
Rather Than Jail
Term Tells Court**

SASKATOON, Oct. 24.—(CP)—

"Please give me lashes instead of a long term," pleaded Henry Pottenroth, 35, of Calgary, in Royal Canadian Mounted Police court here Wednesday when he and Fred R. Parnis, 23, of North Battleford, Sask., were sentenced by Magistrate A. Macdonald to four years each in penitentiary.

They had pleaded guilty to charges arising from a series of burglaries in Northern Saskatchewan during the past two months.

Magistrate Macdonald said the law did not impose lashes for the crimes for which Pottenroth was convicted.

President Sees New Parachute Troops

A high spot of interest on President Roosevelt's recent visit to Wright Field, Dayton, Ohio, was his inspection of America's new parachute troops, some of whom are seen in glider plane in background. In President's car, are, left to right: the President, Orville Wright, co-inventor of the airplane, and former Gov. James M. Cox of Ohio, who headed Democratic national ticket in 1920 when Mr. Roosevelt ran for vice-president. In Dayton speech after inspection trip the President called on all the Americas for total defense against total attack.

BRITAIN LAST RAMPART SAYS PREMIER QUE.

QUEBEC, Oct. 24.—(CP)—The

future of Quebec province "may be brilliant if we prepare ourselves to exercise a favorable influence on the society of tomorrow, but it will be disastrous if we preserve that habit of complaining and of waiting for the government to do that which befalls us to accomplish," Premier Adolphe Godbout said in a address Wednesday night.

Speaking at a banquet, tendered delegates to the 18th annual conference of the Union of Canadian Catholic Farmers, the premier said the future depended "on what each of us has done."

Praising Britain's role in the war, the premier said those who sought to spread division among Canadians, forgot too easily that she was the last rampart between Canada and Hitlerian barbarism.

Today's Communiques

British

LONDON, Oct. 24.—(CP)—The

air ministry and ministry of home security issued the following communique Thursday:

"Later reports of last night's raids on this country confirm that in London area and in the home counties only slight damage was done and that the number of casualties was small."

"It is now established that there were no serious casualties in the raid on a town in northeast England."

LONDON, Oct. 24.—(CP)—The

air ministry and ministry of home security issued the following communique today:

"London and the home counties were the principal objectives in last night's raids. The attacks, which began shortly after dark and continued at intervals during the night, were not on a heavy scale."

"Houses and shops were damaged at several points but up to 6:30 this morning no reports of heavy or extensive damage had been received and the casualties reported were not numerous though some persons are known to have been killed."

"Bombs were also dropped in a town in northeastern England causing some damage to houses and a few places in southern Scotland but here the damage caused was slight and the casualties were few."

"Elsewhere although there was some enemy activity, no bombs are reported to have been dropped."

LONDON, Oct. 24.—(CP)—The

following joint communique was issued by the air ministry and the ministry of home security Thursday night:

"A few enemy aircraft operating singly have crossed our coast today. Bombs have been reported from the London area, from Kent, from Hampshire and from a country district in Somerset."

"Though full reports have not yet been received, it is known that some damage was done to dwelling houses and industrial buildings in the London area and that a small number of people were injured."

"At one town in Hampshire considerable damage was done to dwelling houses but the number of casualties was small. Elsewhere only slight damage was done and there were few casualties."

"Two enemy bombers have been shot down today by our fighters without loss to themselves. One enemy bomber was destroyed during last night."

LONDON, Oct. 24.—(CP)—The

air ministry issued this communique Thursday:

"Yesterday aircraft of the coastal command successfully torpedoed two enemy supply ships in the North Sea. Another vessel was heavily machine-gunned."

"Last night our bombers attacked objectives in the Berlin area, causing fires and explosions."

"Other forces of aircraft carried out a concentrated raid on the railways, wharves and warehouses at the port of Rendsburg."

"Our bombers also attacked a number of other targets in Germany and enemy-occupied territory, including the oil plants at Magdeburg and Hanover and a goods yard east of Berlin."

"Near Metz and at Frankfurt various industrial targets and railways junctions in northern and western Germany were attacked, as well as docks at the Hook of Holland and several other airfields."

"One of our aircraft is missing."

LONDON, Oct. 24.—(CP)—The

following communique from British general headquarters in Egypt was issued Thursday through the ministry of information:

"Early, during the night of Oct. 22-23 an enemy camp east of Sidi Barrani was successfully raided. One prisoner was captured and eight motor transport vehicles destroyed."

"Said: Oct. 20 one of our motorized patrols in the Kanak area surprised and attacked at close range from the rear a party of approximately 1,000 of the enemy."

German

BERLIN, Oct. 24.—(AP)—The

text of Thursday's German high command communique:

"Because of unfavorable weather over the British Isles, activity of our air force yesterday was limited to armed reconnaissance, in the course of which bombs were dropped on London and one factory in central England. At night heavy incendiary bombs on residential areas, causing some damage."

"Some enemy war vessels approaching the Flanders coast in heavy weather were driven away by naval artillery."

"(No comment on this claim was forthcoming immediately from the British Admiralty.)"

"Fish planes last night entered the British territory and attempted to raid Berlin. They dropped chiefly incendiary bombs on residential areas, causing some damage to houses and a number of small fires which were quickly quenched by air raid precaution workers and the population."

"One factory was hit. Due to the quick work of the factory safety guards, damage was immaterial."

"One German plane is missing."

"Beyond a brief announcement that the raids had been made, no account of last night's R.A.F. attacks on Germany has been issued by the air ministry."

Italian

ROME, Oct. 24.—(AP)—Text of

Thursday's Italian high command communique:

"In North Africa the enemy attacked our advance positions in the Matruh zone 25 kilometers east of Sidi Barrani, aided by armored elements and artillery fire. Fully repulsed, they fell back, leaving some dead on the field, while some were injured on our side."

"Other enemy elements which attacked our positions in the Abu El Tummo zone south of Sidi Barrani were repulsed. We captured some prisoners and war material."

"(No report on these actions is yet available from British sources.)"

"The enemy air force dropped incendiary bombs in the Sidi Barrani zone without consequence."

"In East Africa our air force bombed military works on Perim Island, causing a large fire, and scattered incendiary and machine-gunned armaments groups at El Duncan."

"The enemy air force bombed Massawa, inflicting six persons killed and six injured, and air fields at Alomata, Debra and Debra, with light damage."

"There were other enemy raids without consequence on Assab, Asmara, Kassaia and Gura."

"The destroyer Naulo, seriously damaged in a fight in the Red Sea, was sunk by itself near the coast."

"The admiralty announced Thursday that the destroyer was forced ashore and blown up by a direct torpedo hit from U.S. mines."

"No other heavy casualties. Our casualties nil."

"Other fronts: Nothing to report."

SOVIET-JAPAN PACT IS SEEN BY OBSERVERS

Non-Aggression Treaty Is
Believed Nearing
Conclusion

By HENRY SHAPIRO

WASHINGTON, Oct. 24.—(AP)—Diplomatic circles predicted an early conclusion of a Soviet-Japanese non-aggression pact today.

The new Japanese ambassador, Gen. Hiroshi Kato, arrived yesterday and will present his credentials tomorrow to President Franklin D. Roosevelt.

A German broadcast was heard at London that Saturday Tachaka, an attention before being given a false dispatch.

It was understood that groundwork for a non-aggression treaty had been laid by Shigenori Togo, who preceded Tachaka as ambassador.

Togo concluded a series of conversations with Premier-Foreign Minister Vuchek, Mr. Molotov and other high Soviet officials early this morning.

Japanese desire for a non-aggression pact was intensified after the joint German and Italy in a military alliance. It was reported that influence in Moscow to get her me.

Diplomatic circles said today that a non-aggression treaty would be held in an atmosphere cordial to the conclusion of a Soviet-Japanese relations during the past few years.

If a non-aggression pact is concluded, it was said, it will not represent a departure from Soviet foreign policy since the Kremlin long has proposed a non-aggression pact with Japan, similar to such pacts with many other countries, such as Germany.

PRISONERS ON DEVIL'S ISLAND ARE RELEASED

MONTRÉAL, Oct. 24.—(CP)—

Prisoners on Devil's Island, France's famous penal colony, have been released because of lack of food in the colony and lack of money to pay the guards."

The newspaper quotes a letter received in Montreal from residents of the British West Indies, Island of St. Kitts saying "We have had a Frenchman arrested because of lack of food in the colony and lack of money to pay the guards."

The letter adds that the prisoners are scattering throughout the West Indies in large numbers."

**Former Judge Is
Given Jail Term
On Theft Charge**

ANNAPOLIS, Oct. 24.—(CP)—

Sentence of two years in penitentiary was imposed in supreme court Wednesday on W. A. Livingstone of Vancouver, former judge of court District No. 3 in Nova Scotia, who was convicted yesterday of theft.

Livingstone's counsel gave notice he would appeal the case to the supreme court.

The former judge was found guilty of theft of securities from the estate of late Mrs. Maria Handwick, of which he was executor. Value of the securities was \$10,000 and was not stated in the indictment.

**Two Soldiers Are
Victims Of Road
Accident In East**

PEMBROKE, Ont., Oct. 24.—(CP)—

Leah, Brock, S. Allen, 37th Battalion, Royal Canadian Artillery, and Gunner Stanley Collett, also of the 37th Battalion, were killed on the highway six miles west of here Wednesday when the motorcycle they were riding collided with a motor truck. The truck was driven by Isaac Gens, Ottawa, who is in a Pembroke hospital suffering from bruises and cuts.

By-Election

TORONTO, Oct. 24.—(CP)—For-

mer Mitchell F. Hoggan announced last night nominations for the Ontario East by-election to be held Nov. 20. The by-election was made necessary by resignation of Hon. Paul Leduc, former Ontario minister of mines who has become clerk of the supreme court of Canada.

A 'Golden Rule' Eyesight Pledge

I will read only with my back to a good light.

I will not rub my eyes with dirty hands, or use soiled public towels.

I will not throw stones... sand... arrows... hard snowballs where they might strike eyes of others.

I will avoid knives... air rifles... and other dangerous instruments.

I will ask my parents to have my eyes examined each year.

GIANT LINER IS SOUGHT BY U.S. WAR DEPARTMENT

WASHINGTON, Oct. 24.—(AP)—The government continued its efforts to buy a new liner and navy transport and auxiliary fleets today by negotiating for the purchase of the U.S. President Roosevelt of the United States Lines.

The war department confirmed that the vessel, which is being sought for use as an army transport after an emergency in Bermuda, had been "recommended by the government."

The vessel would be withdrawn from the New York-Bermuda service.

The department has not reached but an authoritative source said only the desirability of signing a contract remains.

The U.S. President Roosevelt, formerly of the trans-Atlantic line, was chartered from European waters by the neutrality law and has been operating in Bermuda since October 1939.

Army officials decided to reveal what price had been offered for the ship but it was estimated confidentially that it might be between \$10,000,000 and \$15,000,000.

IPSWICH, England—Chum since they were five years old, Arthur Farrow and Albert Maguire joined the same ship and now are "missing and believed prisoners of war."

CANUCKS PROVE THEMSELVES AS ROAD BUILDERS

WITH THE C.A.S.F. SOME-

WHERE IN ENGLAND, Oct. 24.—(CP)—A road-building unit of the Royal Canadian Engineers has upped British standards of road construction by completing 2½ miles of concrete highway in seven weeks—a job which the commit-

tee of the country in which it was built believed might take two years.

People of the county were astounded at the performance of the Canadians who turned loose huge caterpillar tractors and other Canadian and American built equipment.

The highway is as smooth a piece of work as any in Canada's system of good highways and in the unimproved R.C.E. sappers are understandably proud of their job.

Remove Children

LONDON, Oct. 24.—(CP)—Evacuation of children from British cities on a large scale, the British Broadcasting Corporation reported last night. "Between now and the end of the month 75 special trains will take children to safer areas," the BBC said. Most of the children will be taken in resorts in Poland and Switzerland.

British Subjects May Leave Japan Embassy Suggests

TOKYO, Oct. 24.—(AP)—The British embassy today requests the Japanese government to permit British nationals to visit their nearest consulates to "discuss" the question of leaving Japan.

An embassy source said no orders are being given but "where convenient" the departure of the nationals will be suggested.

Britain To Deal With Any Attacks By Vichy Forces

LONDON, Oct. 24.—(CP)—Action in the House of Commons that reprisals be made against the Vichy government for its bombing of Gibraltar, Richard Butler, under-secretary for foreign affairs, declared today.

"We shall know how to deal with further attacks by forces of the Vichy government."

VICHY ARRESTS REDS FAVORING GEN. DE GAULLE

VICHY, France, Oct. 24.—(AP)—The Vichy government pressed today its attack on a widespread Communist movement in unoccupied France which police authorities accused of spreading propaganda in favor of the Free French leadership of Gen. Charles De Gaulle.

Police announced the arrest of 13 Communists, including 12 women, after a raid on the Marseille Communist headquarters. A large amount of De Gaulle propaganda was said to have been confiscated.

The Marseille raid followed arrests in the suburbs of Vichy, at Lyon and in the Loire department.

Two Return

GLACE BAY, N.S., Oct. 24.—(CP)—Safe after a nip-and-tuck battle with a powerful gale, two little vessels of the Glace Bay fishing fleet carried their 12 men back to port Wednesday but brought no word of two other ships and eight seamen missing in the backwash of Tuesday's storm.

U.S. BOLSTER PHILIPPINES' AIR DEFENCE

Reinforce Far Eastern Army—Will Be Defended If Attacked

By EDWARD E. BOMAR
WASHINGTON, Oct. 24.—(AP)—

The United States army Wednesday ordered substantial reinforcement of the slender aerial defenses of the Philippines, while secretary of the navy Frank Knox declared, in response to reporters' questions, that the far eastern ward of the United States would be defended against any attack.

Two pursuit squadrons comprising 30 or more fighting planes and some 200 officers and men will sail shortly for Manila from San Francisco, the war department announced.

The army made no reference to the tension with Japan, but Knox told a press conference that the United States is "not indifferent toward any territory under the American flag." The semi-autonomous Philippine commonwealth is not to be completely independent until 1946.

Knox also said agreement has been reached with Great Britain and Canada on the location of an army-navy naval and air base on the southern shore of Newfoundland. The exact location was not announced but Knox said the chief base would be at one point and a flying field some distance away.

A survey crew already is at St. John's, Nfld., making preparations to start work. The base will be the first in a string in the Atlantic on sites acquired from Britain in exchange for 80 destroyers.

AMERICANS ARE AGAIN ADVISED LEAVE FAR EAST

SHANGHAI, Oct. 24.—(RUP)—American Consul General Richard P. Patrick circulated Americans in China today, saying that the state department again advised them to consider taking advantage of available shipping facilities to leave the far East.

The Japanese army newspaper organ here, Shin-Shun-Pao, said in an editorial:

"We cannot tolerate the devilish American policy in Asia. We are enthusiastically awaiting instructions from Tokyo and Nanking to show our real strength."

"The reference to Hankow was for the Japanese-controlled region of Wang Chung-Wei, which from the headquarters there purports to administer Japanese-occupied territory."

U.S. Protests Italo Bombing Of Oil Plants

WASHINGTON, Oct. 24.—(AP)—The United States formally protested today Wednesday against the bombing of American oil properties in and South America.

The bombing occurred last Saturday.

The protest did not apply to the bombing of American oil properties on the island of Bahrain, off the mainland of Saudi Arabia, because that is a British protectorate.

The protest was delivered to the Italian ambassador, Prince Colonna, by A. A. Berle, Jr., assistant secretary of state.

Seattle Sends Aid To Britain

SEATTLE, Oct. 24.—(AP)—Eight ambulances, clothing and funds have been sent to Britain by the British American War Relief Association here, chairman E. C. Thomas said Wednesday. He announced an "allied Christmas fair" in which all allied relief agencies and state city groups will be asked to take part, will be held Dec. 6 to raise more funds. The group was the first one organized in the United States.

Bombs Of Poles Carry Messages

LONDON, Oct. 24.—(CP)—Bombs dropped by Polish air crews operating with the Royal Air Force have brought messages to them. One read: "Good morning, you. Another said: 'Beware for your next kind of Warsaw'."

Good Prices Paid For Tamworths At Fall Svine Sales

CALGARY, Oct. 24.—(CP)—Svine sales Wednesday at the fall live stock sales brought a top price

of \$61 for a tamworth boar sold by the Department of Public Health to J. W. Percival, Kenna. The Alberta Department of Public Health, Edmonton, sold seven Tamworth boars ranging in price from \$28 to the top price of the day, \$61. The seven netted \$282 for an average of \$40.29.

The Garneau theatre, which opens its doors tonight to the public. This modern theatre seats 780 patrons and is considered the finest suburban moving picture house in the west. The theatre will open with a first show at 6:30 p.m. and the official opening will take place at 9:30 p.m.

BETA NU SHOP STOCKS FINE CAMPUS TOGS

Women's Wear Store Presents Latest Styles

Featuring the adventurous use of color against the stern blues of winter, the Beta Nu Campus Togs reach a new goal for the college girls in Edmonton during the coming season.

Sombre tones, with the ever-dependable black, are to be found in the fashion show. In the shop opening this week in the Garneau Theatre building, but, the sombre tones have for "accessories" all the warm colors of a wide-awake city.

Adding animation to the sidewalk scene are British wool coats in striped and blended tones, or solid-colored in red, blues and greens, wool coats, and the ever-popular reversible coat, with camel hair one side, and on the other as gay a Scottish plaid as can be found.

Dresses to shine in, when day is done, include a suave model in white jersey, with gold leather trim on the patch pockets on the skirt, sleek black dinner dresses and an intriguing variety of net and tulle frocks with sequin and metallic cloth trim.

WIDE RANGE
For lectures and afternoon social events, the Beta Nu Campus Togs offer the tremendously important soft wool frocks, with the glitter of burnished sailboat mirror embroidery and gleaming beads, and featuring a wide range of colors. Jacquard crepe, soft silks and French crepes are used in the attractively designed afternoon frocks being shown by the Beta Nu shop.

Early Session
WINNIPEG, Oct. 24—(CP)—An early session of the Manitoba legislature was recommended Wednesday by a caucus of supporters of the Liberal-Progressive government. A date late in November or early in December was suggested as the most suitable.

Soldiers Held
NEW WESTMINSTER, B.C., Oct. 24—(CP)—Two American soldiers who said they left their Fort Lewis, Wash., army camp because they were "fed of peeling spuds" were held here Wednesday by Canadian immigration authorities for deportation.

New Movie Palace Built For Comfort: Seats 780 Patrons

Spacious, attractively designed and modern in every detail the Garneau Theatre on 109 street and 87 avenue will be opened to the public Thursday evening. A distinct addition to Edmonton's building program, the theatre is one of the most attractive show houses in Western Canada, and has a seating capacity of 780 seats.

Well ventilated the theatre has been carefully designed, and the color scheme well chosen in tones of blues and maroon, with silver and gold ornamentation, and has an extra large stage suitable for stage productions.

Marking the two side aisles of the theatre proper are red seats covered with leather and with smooth mohair backs. At every other seat on the aisle of the middle section are the new "two-compartment" seats, introduced in the United States recently, and being used for the first time in Alberta. They are red double seats without arm rests.

The balance of the seats in the theatre are of blue leather with matching mohair backs.

GOLD-TONED PILLARS
Gold-toned pillars mark the procession arches of the theatre, and the color is repeated in the ornamentation of the ceiling, in stappings from gold through fawn to dark brown. The side walls of the theatre are marked with a rainbow design of sea-green and ultramarine, with a broad silver dividing line. Throughout the balcony section of the theatre the same decorative motif is employed.

In the deeply carpeted foyer is the royal furniture used at the reception for their Majesties the King and Queen at the Macdonald a year ago June. There are the two throne chairs in which their Majesties sat, the white settees finished in Queen Elizabeth blue; six gold chairs and two side chairs. The Canadian-made carpets are in tones of wine and cream, and the draperies of damask in blending tones.

Doors and pillars in the foyer are of zincwood, and add much to the decoration, as does the wall of glass bricks facing south and bringing rich sunlight into the foyer.

SOUND EQUIPMENT
In the up-to-date projection room are two Holes Imperial projectors, the latest in sound equipment; light intensity is lamped ensure an abundance of light on the screen. On each side of the projection room are the rewinding room and the apparatus room.

Ushers, dressed in scarlet Eton jackets, blue trousers and pill-box hats will usher the patrons to their seats. Free checking facilities are available in the foyer.

Steam heating and a modern ventilator system to allow the constant changes of air, have been installed, and will provide comfortable temperatures in every season.

Picture goes will find a wide range of choice entertainment at the Garneau theatre, under contract with M.G.M., Columbia, Universal, Warner Brothers and United Artists. Many outstanding

Manager

W. H. (BILL) WILSON, who has been manager of the Roxy theatre for the past year, will take over similar duties at the new Garneau today.

Appearances are scheduled to appear on the Garneau screen.

Show will run for three days, a different picture running Thursday, Friday and Saturday, after the Monday, Tuesday and Wednesday release.

Managed by W. H. (Bill) Wilson, well-known in western theatre circles, the Garneau is owned and operated by Suburban Theatres, Ltd. Directors are Frank Doncaster, R. J. Dinning, S. E. Noble, C. R. Frost, Dr. M. A. McInnes, S. Colvin Hamby, George L. Parney.

Taking Precautions
CANBERRA—Co-ordination of health services and reorganization of quarantine regulations is being undertaken throughout Australia to prevent epidemics that often come with or after war.

Coach Marty Burke completes Calgary's Roster of Senior Pucksters

Boston Stands Pat With Last Year's Squad

BOSTON, Oct. 24 (AP)—Boston Bruins will rely this year on the same 15 players who carried the club to the National Hockey League championship last season, only to drop the Stanley Cup series to New York Rangers when the Boston team was crippled by injuries.

"This team should be as strong as last season's club," says General Manager Art Ross. "We expect much stiffer competition all through the league. But every club should contribute to the fastest breakaway in league history with the playoffs expected in such advanced physical condition due to military training."

Ross feels that the coming schedule is to the disadvantage of the Boston team with several double week-end contests on the road. "If we are going to repeat, it will require greater hockey than the team played last year," he said. "The Rangers should be as strong as or stronger than last year and the break in games on the schedule imposes a handicap on us."

Ross took 12 amateurs to the Hershey training camp and also worked the flashy Hershey Bear line of Terry Renshaw, Pat McFadden and Gordon Bruce but finally decided to stand pat on last season's lineup. That will put Frank Brimsek in the nets with Captain Dit Clapp and Jack Schewchuk forming one defense tandem and Jack Crawford and Des Smith making up the other. Bill (Frazz) Hallett will hold down the left wing berth.

He'll use the same three forward lines. The high-scoring line centred by Milt Schmidt, with Woody Dumart and Bobby Bauer on the wings, is the line in which veteran Crowley is flanked by Roy Conacher and Milt Hall and last season's surprise third line made up of Art Jackson at centre and Herb Cain and Eddie Wiseman at the wings. That places a question mark squarely after the name of Robert

Blake and Lach Sign Contracts

ST. HYACINTHE, Que. Oct. 24.—(CP)—Business Manager Frank Patrick of the Montreal Canadiens announced Wednesday night that he had signed two players to new contracts with the National Hockey League club.

Patrick declined to reveal the salary given Blake but it was reported that the winger, who led the N.H.L. in scoring two seasons ago and who has been picked on the Canadian Press all-star squad for the past two years, will get one of the highest salaries in the league.

Blake, who played with Moose Jaw last season, was reported to have signed a two-year contract. He has been impressive in Canadiens' workouts here during the last couple of weeks. Coach Dick Irvin, in commenting on the signing of Lach, predicted he would score "at least 10 goals for us this season."

The first touchdown came in the opening quarter when Don Fleming went over on a near reverse. The convert was made by Alex Davidson on a forward pass. Separately, on the second series, the only score came when Art Capello took a long pass from Roy Salto and zigzagged 35 yards for the touchdown. Salto picked up the extra point.

Gordon Mitchell booted the Vixen another five points in the third quarter on a straight buck. Salto then varied proceedings, little by dropping the convert and followed with another point when he booted the ball over the line from the kick-off.

In the final quarter Roy Salto reined the score to 2-0, going over on a punt. The Vixen showed good coaching and pulled several very first plays, using deceptive spinners to get advantage.

LINEUPS.
SEPARATE.—Tom Bell, Pat McGuire, Bob Simms, Tom McAlister, Roy Salto, Bill Griffith, Joe Fraser, John Chapman, John Chervenick, Bill Meagher.
VICTORIA.—Art Capello, Roy Salto, Don Fleming, Gordon Mitchell, Alex Davidson, Al Plunger, Leonard Hill, Fred Gies, Alf Steinmetz, Bert Morrison, Jack Wynn.

Sports . . . Roundup

NEW YORK, Oct. 24.—(AP)—New-fangled sport, roller skating, has been given a boost that amounts to a life time contract by Boston's Frank Wheeler club. The club has given a prize of \$100 to the St. Mary's "Cyclists" football team, who has guaranteed New Yorkers their dough back if they don't do the way his coaches go against Long Island University, Sunday.

That the National Professional Football League again is shaking the presidency under the nose of Arch Ward, Chicago sports editor, was turned down 25,000 smokers last year. . . . What's a pop? The Gallant Gals. . . . St. Mary's gallant girls are here And if they're shy of Kelly, There is no doubt They'll knock out With Schmidt and Martinelli.

They've got a hard named Agure and are called "The Gals." And you'll hear hails For each and each As Hoffman and Ratto. Today's great plan: Edward T. Murphy, New York Sun, "Breaking of numbers, Oscar Pitt will be drawn next Monday in Cleveland by Alva Bradley, owner of the Indians. . . . Vito number will be the only one in the hat, as Bradley can't miss."

ALBERTA RIFLE SHOTS RECEIVE EXPERT AWARDS

MONTREAL, Oct. 24.—The Alberta marksmen, W. J. Demerit and Walter R. Robertson, both of the Medicine Hat Rifle and Revolver Club, became the first winners of one of the highest distinctions in sporting rifle marksmanship in Canada. They were awarded the coveted Dominion Marksmen expert award. It is announced from the headquarters of the Dominion Marksmen organization here.

In winning this prize the officers of the Dominion Marksmen organization received a certificate of appreciation. Only a small number of expert rifle shooters in Canada have ever accomplished the feat of earning this highest marksmanship award. To gain the marksmanship award is a feat which is not easily accomplished. It requires a high degree of marksmanship to put a score better than 100 points in the 600 yard marksmanship test. Only a small number of expert rifle shooters in Canada have ever accomplished the feat of earning this highest marksmanship award. The newcomers are Smith, formerly with Toronto Terriers, McIntyre, Fred Smith, Spence, Coleman, Canadian, McDougall, Medicine Hat, and Calgary, University of Toronto.

Jake Milford, former Turner Valley star, who had intended joining up with Stumptown, wound Coach Burke that he had turned pro with Cleveland Barons.

With the arrival here yesterday of Walt McIntyre from Portage La Prairie, Coach Burke's line-up for his full squad of players on the ice for a weekend at the Arena last night.

Ken Robbins and Ken McKeown officials would like to round up one more top notch forward, but no such citizen is in sight anywhere at present and it is likely that the squad now training will carry Edmonton's senior hockey hopes this season.

McIntyre completes a new defence squad. He was with Battleford Beavers when they won their way up to the Allan Cup final and last winter he played in the first Northern Ontario minor league. He will be attacking 'em down at the blue line along with Gordon Barclay, Pat Gagnon and Gordon Watt. Benny Klingensmith is the fifth defenseman. The Flyers will be using Coach Burke that he had turned pro with Cleveland Barons.

Up in front, the Edmonton machine will have Joe Brown, Eddie O'Keefe, Ducky Smith, no Bird, Bob Hasty, Bobby Crawford, Paul Steffen, Alex McPherson, Alva Fraser, Joe Duthie and Bill Gault. A few that should be a lot of points.

Six Newcomers Will Bolster 1940 Titlists

CALGARY, Oct. 24.—(CP)—Marty Burke, coach of the Calgary Stampede, announced Wednesday night that with the exception of one player, he had decided on the personnel of the team for the 1940-41 Alberta Senior Hockey League schedule. He still has to choose between, on an 18-year-old Strathmore youth, and the veteran Jimmy Jemson.

Players signed are: Art Ross-Jones, Jimmy McIntyre, Gordon Barclay, Benny Klingensmith, Gordon Watt, and Gordon Watt. The newcomers are Smith, formerly with Toronto Terriers, McIntyre, Fred Smith, Spence, Coleman, Canadian, McDougall, Medicine Hat, and Calgary, University of Toronto.

Jake Milford, former Turner Valley star, who had intended joining up with Stumptown, wound Coach Burke that he had turned pro with Cleveland Barons.

CANADIENS AND EAGLES BATTLE TO OVERTIME TIE

ST. HYACINTHE, Que. Oct. 24.—(CP)—No quarter was given and none was asked Wednesday night as Montreal Canadiens and Left Wing Rangers of the American League literally and figuratively battled through 10 minutes to a 2-2 draw in an exhibition game before about 700 fans.

The Hawks, fighting all the way, came from behind in the third period to score twice and send the game into overtime after Canadiens had run up a 2-1 lead in goals by Pat Hynes, Tom Blake and Tom Demerit. Montreal Territory landed in the two goals that tied the score for the Hawks in the third period.

Only eight penalties were called in the match but two were major penalties to Defenseman Cliff Gouppie of Canadiens and Left Winger Earl Roche of the Hawks, who engaged in a brief battle in the end of the third session. All the way through the match was heavy and high sticking was not unusual.

Canadiens did not draw Centre Eimer Jack of Moose Jaw, Saskatchewan, who had been with the team since the 1935-36 season. Only other player still left with Canadiens from time days is Left Winger George Mantha, now in training at the Canadiens' camp in St. Hyacinthe. Mantha was not the Hawks' line-up on the other day on exhibition game against an amateur team.

Joe Benoit of Edmonton had an assist and Ken Beardon of Edmonton scored the first goal.

Chicago Black Hawks have finally managed a complete ice drill. The Hawks have been in training at Hibbing, Minn., and up until Monday the ice drill was held up each time that Manager Paul Thompson sent the team out. Some days the ice wore away in less than five minutes. However, Monday the Hawks played the full distance with two squads battling to a 5-5 tie. The Hawks play their first exhibition game Sunday with St. Paul Saints, champions of the American Association.

Governor-General And Prime Minister Visit Valcartier Camp

Accompanied by his excellency the governor-general, Prime Minister King paid Valcartier Camp a visit and inspected the troops stationed there. The Earl of Athlone is pictured, centre, inspecting the guard of honor which was composed of men of the Regiment de Maisonneuve, Fusiliers Mont. Royal, 2nd Regiment. The prime minister is shown, left, as he examined gas-masked soldier. At the right, Mr. King is shown inspecting the dental clinic of the camp.

Parade Of Airmen Features Closing Day Of International Plowing Matches

Seventy-five thousand persons turned out to watch the closing day of the international plowing match at St. Thomas, Ont. A parade of 3,000 airmen from the St. Thomas training school, right, was a feature of the closing day program. Rob Campbell, upper left, was one of the contestants for the championship match. Freda Johnson, of Wilton Grove, Ont., is pictured using a tractor, lower left. She has been plowing with horses for the past six years and this was the first time she had operated a tractor.

Russians Keep Watch By The Black Sea

Historically, when trouble brews in the Balkans, Russia sits up and takes notice. So now, Soviet troops and their leaders are alert in the vital Black Sea area. Pictured above, in an observation post near the port of Odessa, are left to right, Capt. P. Pavlichenko, a battalion commander; Marshal S. Rudnev, Deputy Commander for Defense; and Lt. Gen. Kurdiunov.

"One Is Amazed That So Much Has Been Accomplished"

Taking a few days respite from his arduous peacetime military chores, Prime Minister King paid a visit to Canada's eastern defense bases where he inspected army, navy and air force stations. The prime minister is pictured, left, with Air Commodore H. H. Anderson, officer commanding the eastern air command, as they look the salute as airmen marched smartly past. Mr. King and Air Commodore Anderson are shown leaving eastern air command headquarters, right.

Neighborly Smile

Carmen Miranda, Brazilian movie comedy star whose dynamic singing took Broadway by storm a season or two ago, flashes a happy smile as she arrives in New York from Buenos Aires. She'll make a picture in Hollywood, then star in new Broadway show.

Yanks Train At St. Catharines

Two of the large number of Americans preparing to fly for Britain are shown in this group at St. Catharines, Ont., where they are being trained in a private flying school. The school is to turn out 35 graduates monthly under the empire air training program. Left to right, L. W. Almqvist, New York; E. P. Harting, Calgary; H. D. McGuire, Merrimack, N.H.; and J. L. S. Dunlop, Chicago.

TIME CUT LINKS—

R.A.F. Chief

With the appointment of Air Marshal Sir Charles Portal as chief of Britain's fighting air force, the R.A.F. is expected to carry the offensive to the Nazis. Sir Charles succeeded Air Marshal Sir Cyril Newall.

New Business

Lack of taxis and delivery trucks in gasoline-starved Paris has created a new business. The automobile man is advertising the services of a firm of cycle busies who carry parcels for motorists.

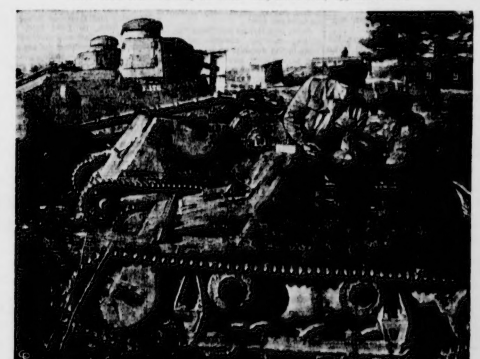

R.C.N. Gunners Receive Extensive Training

Prospective gunners for the Royal Canadian Navy are receiving an intensive schooling in gunnery at an east coast naval school. Recruits are pictured drilling, top left, on a ship's anti-aircraft gun, while a group of prospective gunners, top right, receive instructions on various gun parts. Learning how to handle a Vickers machine-gun are the students, bottom left, while a class of gunnery officers listen with interest, bottom right, as a petty officer instructs them in the use of anti-aircraft guns.

Axis Forces Meet Resistance In The Balkans

Resistance in the Balkans, from Turkey, Greece and Yugoslavia, may check axis forces there in their southward plunge, apparently aimed at the British fleet base at Alexandria, the Suez canal and vital Iraq oil fields. Map shows likely aggression routes.

Former American Tanks Rapidly Being Overhauled

Tanks which recently arrived at Camp Borden from the United States are rapidly being overhauled and put in running order for training purposes. Troopers M. Jamieson and E. Gagnon of the Three Rivers Tank Regiment are shown working on one of the tanks which will shortly enter service as a training vehicle for Canada's tank corps.

Sentinel Of The Skies

An air raid precautions officer shown in his antiaircraft binoculars, scanning the skies with powerful glasses for the first sign of a new German bombing raid from the air. The beautiful dome of St. Paul's cathedral looms in the background.

Food At \$1.87

Dr. Robert Harte of the Massachusetts Institute of Technology is pictured holding a week's supply of a wonder bread supplying all the vitamins necessary to health and costing \$1.87 per year per person. The U.S. government has been given the formula which has also been sent to England.

WORLD TRADE LEADING WAY WAR VICTORY

Trade Minister MacKinnon Announces Large Increase In Exports

OTTAWA, Oct. 24.—(CP)—Pointing to increased Canadian trade and diminution of world trade by the British empire and the United States after a year of war, Hon. J. A. MacKinnon, trade minister, in a statement Wednesday night declared: "This is a convincing evidence of what the end of the conflict must be."

"Resumes are the answer of war as never before," the trade minister said, "to be able to transport these resources and deliver them where they are required is the answer of victory."

"The minister termed Canada's position, from the point of view of commerce, as 'remarkably sound' and said that it is of utmost importance since international commerce is vital to Canada and the state of that commerce reflects Canada's domestic welfare."

NEW MARKETS

When German aggression shut off trade with Norway, The Netherlands, Belgium and France, important changes in Canada's overseas trade took place and alternative markets for sale of Dominion commodities had to be found.

"We have succeeded surprisingly well," thanks to the Royal Navy and the Royal Canadian Navy, said the minister's statement.

He said Canada had displaced Germany as the third exporting country of the world coming next to the United Kingdom and the United States, and declared that "despite the war, we have actually had this situation, this is a remarkable accomplishment for a country whose population is only one-eighth that of the United States."

Larger than in any year in the last decade, Canadian trade now stands at \$2,149,000,000 for the first 12 months of war, an increase over the previous 12 months of more than \$382,000,000.

Exports of Canada averaged at \$1,150,000,000 as compared with \$1,000,000,000 greater than our imports and this balance of trade is highly important," said the minister's statement. "It puts Canadian exports in a very much more prominent position in the world market than in the last decade."

BRITAIN BUYS BIG SUPPLIES WAR MATERIAL

WASHINGTON, Oct. 24.—(CP)—Secretary of Commerce Jesse Jones reported Wednesday the United States shipped \$750,000,000 worth of goods to Great Britain during the first year of the war, including 743 airplanes valued at \$145,000,000.

The total was 57 per cent more than in the 12 months preceding the outbreak of the conflict. Shipments to the United Kingdom last November were only 10.8 per cent of total shipments from the United States, but by August they amounted to 36 per cent.

Johns said British purchases "have shifted sharply toward products vital to the conduct of war, including particularly aircraft parts, explosives, firearms, metals and metal working machinery, industrial chemicals and petroleum products."

A breakdown showed Britain had received 278 planes during August. The August peak was an increase of 160 over the July total and 181 more than were sent in June. Only two planes were shipped to Britain in May while no were shipped.

ALBERTA SHEEP BREEDERS NAME NEW EXECUTIVE

Calgary, Oct. 24.—(CP)—Statements that the new president of the Alberta Sheep Breeders' Association is not suitable for the position, and the result of the matter was that there was no machinery in Canada to handle the sheep business. The association's executive committee, composed of W. S. Benson, western representative of Canadian Co-operative Wool Growers Limited, told the annual meeting of the Alberta Sheep Breeders' Association here Wednesday night.

"The trouble has been partly resolved," said Mr. Benson, "most sheepmen have been installed in the position of handling the sheep business in the United States. The system is expanding, however."

Mr. Benson said the largest percentage of Canada's fine wool, sold in the United States, is from the market which was good from one source, partly due to the outbreak of the war, and partly due to the fact that the United States is a large importer of sheep products.

Nazi Air Pilots Admit Strength Of Aircraft Barage

WITH THIS C. A. S. F. SOMEWHERE IN ENGLAND, a German pilot captured in Canada, told his captors from their failing plane that the German air force is not as strong as they had been led to believe. He also admitted the superiority of the British fighter planes.

A Canadian officer who has taken to a number of these prisoners said it was a common error of the press to say that German pilots who could fly in English airfields were "spilled" and that they were not as good as the British pilots.

Advertising Bill U.S. Businessmen Will Expand, 1941

WHITE PLAINS, N.Y., Oct. 24.—(AP)—Paul B. West, president of the Association of National Advertisers, and other U.S. businessmen are planning a large advertising budget to keep step with anticipated trade revival.

A survey of A.N.A. members, including many of the largest advertisers in the country, West said, showed at least 50 per cent are prepared to spend more money on advertising in 1941 than they did in 1940. In 1940, the average per cent indicated smaller budgets and not the remainder were waiting for developments.

FIGHTING MEN OF AIR FORCE END TRAINING

Observers Gain Badges—Pilots, Gunners Ready In Few Weeks

OTTAWA, Oct. 24.—(CP)—The first air crew graduates of the British Commonwealth air training plan, a class of air observers, have completed their training. The Royal Canadian Air Force announced Wednesday night.

Today at Trenton air station, James S. Dunham, deputy-minister of national defence for air, will present each man with the distinctive air observer's badge, consisting of the capital letter "O" and one wing design flying right, all worked in gold metal.

Within the next few weeks the first pilots and air gunners will complete their training under the plan. All are destined for overseas service with the "Empire Air Force."

Thousands of men have already been trained by the expanding system of schools of the training plan. Several hundred have gone overseas for technical services on the ground with the Royal Air Force.

The majority, however, have been turned back to the plan as instructors, administrative staff and maintenance personnel to aid in the training of thousands of young men from Canada, the United Kingdom, Newfoundland, Australia and New Zealand who will follow them through the schools.

The air observers will receive their badges in the form of a first graduating class of No. 1 air navigation school, now at Trenton, but scheduled to move at the end of the month to a new field at Quetta, Malaya. They began their training last spring.

Drawn from all over Canada, they were the "pioneers" of air crew students in the early stages of the plan. With their counterparts among the pilots and wireless operator air gunners due to graduate shortly, they spent a month at No. 1 training school at Trenton and then another month at No. 1 initial training school at the old Eglinton Hunt Club at Toronto.

At the training period, they received their uniforms and an introduction to drill and air force life. After a month of training, they were initiated into the theory of flight, the functions of an air force and advanced jetting and practical instruction periods in the form of a "pilot."

No. 1 Air Observers School at Trenton, Ont., brought them their first taste of flying in the R.C.A.F. The course of 12 weeks of instruction included theoretical and practical flying and navigation was spent partly in the lecture room and partly in the air.

Their four weeks at Trenton was a course in the science of air navigation, for the air observer should determine the responsibility of navigating his machine through all kinds of weather in day or night, and over hostile country without help from the ground.

WARS

Warning of economic warfare against the U.S. in Latin America by totalitarian governments, Nelson Rockefeller, coordinator of Commercial and Cultural Relations between the American Republics, declared that "we can no longer take those markets for granted." He pictured speaking at recent New York dinner.

FRIDAY STORE WIDE BARGAIN DAY EATON'S

Store Opens at 9:00 a.m., Closes at 6:00 p.m. Daily, Except Wednesday, 9:00 a.m. to 1:00 p.m. To Call EATON'S Dial 9-1-2
